

Impact Report

OUR MISSION

Expansion, retention, and marketing of the Oregon Area while collaborating with others to foster a climate for businesses, residents, and visitors alike to connect, succeed and grow.

A YEAR WITH UNIQUE CHALLENGES

What an adventure this year has been! We have made many transitions within the Chamber gaining many valuable staff and board members that have helped our non-profit thrive. Adding value to our member investments has been a top priority for us throughout these changes. Without the strong support from our members and amazing community we would not be the strong, collaborative, and positive organization we are today!

Thank you

to all our donors, investors and volunteers.

IMPACT SNAPSHOT
